RESPECT FOR TRADITION

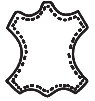

All our hats are handmade with the greatest attention to detail in the best workshops in France and Europe. Each stage of the manufacturing process is carried out manually, following the brand's century-old tradition. We respect several mandatory steps.

For the felt : sorting of the raw wool, cleaning of the wool, manufacturing of the wool cones, shaping of the hats, the finishing touches, the linings and the inner band.

For straw : weaving and shaping.

For caps : sewing the fabric, shaping, ironing and finishing.

SELECTION OF MATERIAL

leather

silk

virgin wool

cotton

cashmere

rabbit hair

Our hats are carefully made from the materials most suited to your comfort. Whether they are made of straw, cotton or linen for summer, Merino wool, Donegal, Harris Tweed, Cashmere, rabbit hair or leather for winter, our hats provide you with optimum protection against the weather and the sun's rays.

ENVIRONMENTALLY FRIENDLY

At Fléchet all our hats are made in Europe, we are committed to reducing our carbon footprint and supporting local economies. Our head office is based in Loudun and offers centralised distribution allowing easy access to the whole country. We are committed to maintaining stock so that our partners can order and restock throughout the year. This reduces the need to travel to our factories. In order to minimize our impact on the environment and to protect and respect nature, our team selects natural fibres such as virgin wool, hemp and cotton, as well as natural fibres such as hemp and cotton and ecological dyes.

FLAT CAPS & GAVROCHE

Men's collection

— Between modern
and traditional

The flat cap has crossed all generations and all styles. It does not follow any traditional codes, it makes its own way, between the nostalgia of yesteryear and the renewal of today : softer, more flexible and more colourful. The autumn winter 2024-25 collection evokes the breath of retro chic, from authenticity to elegance.

Harris Tweed wool is governed by British law of 1893. This has been revised over the years as production methods have evolved. To make it a Harris Tweed, this pure new wool must be dyed and spun in the Outer Hebrides in Scotland.

Harris Tweed

Made only from virgin wool, dyed and spun in Scotland : a unique skill passed down through generations.

Tweed, the noble woollen fabric from Ireland and Scotland, derives its remarkable resilience to wind, cold and rain from the impetuous natural conditions that have forged its history.

FLHH325 (colour : red) - FLHH324 (colour : navy) P.016

The delicate hues, inspired from the landscapes, are meticulously chosen, creating a textile canvas that blends harmoniously into the picture of nature. Like the chameleon, tweed knows how to be discreet, adapting elegantly to its environment.

Le Chazelles

the elegance
since 1859

FLHH75 (colour: french blue)

FLHH75 (colour: orange)

The Chazelles is very malleable roll up hat, you can modify it to your liking and give it the style of your choice.

To shape the cap, place one hand inside and smooth the felt to obtain a beautiful and regular bell shape.

With the edge of your hand, push the cap along its natural fold, more or less depending on the style you want.

Pinch the cap on each side of the crease on the front and back for a «Canadian» look.

To shape the edges, start by smoothing the felt with the flat of your fingers.

Gently tilt the edges up, down, front and back.

FLHH75 (colour: sky)

This iconic hat with its incredible silkiness is ultra-light, supple and foldable : with a few simple gestures, you'll be able to fold it up for travel and smooth it out for wear. The Chazelles is a robust roll up hat you can modify to your liking and give it the style of your choosing.
